TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25 % of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5 % above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5 % will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes**. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece**.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5 % advance over the highest actual bid.

Between the seller and buyer, my position is describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

PRICE LIST OF THIS LARGE SALE—50 CENTS

A printed list of all the prices realized at this sale will be sent for 50 cents to all bidders patronizing the sale. To those not bidding the price is one dollar. A half-dollar or two quarters, wrapped in a little paper and enclosed in envelope with your bids, will reach us safely every time, and a 3c stamp carries the letter just the same. As an alternative stamps will be accepted, or if preferred, we will charge to your account and add to bill of purchases. Your 50 cents is money well invested. It helps to keep posted on values.

A TRIP ABROAD

(Continued from 122nd catalog)

Arriving in Vienna at bedtime did not mean one had to retire, for who wanted to sleep when there was so much of interest to see? Though the hour already was late, we set out to get acquainted with another strange city, and walked about for four hours until three in the morning, thrilled by the sights around the famous Ringstrasse. Quite in contrast is Viennese brilliant night life with London's dull foggy quiet nights.

A prosperous city of over two million people before the World war, this city suffered terribly during that war, and its population decreased 300,000. Besides, untold poverty was brought upon the city and nation. Austria being hardest hit from the war. While I am not an admirer of Adolf Hitler, and I am not in sympathy with his methods, the truth is that he has done considerable for the German people and the taking over of Austria will undoubtedly help the Austrian people in recovery, which has been so slow since the war. The people speak the German language, and are a fine race. Adventurous men who want to see beautiful young women will do better to pass up Paris and visit Vienna, where the perfect beauties abound by the thousands. The climate is healthy and agreeable.

The fortifications which formerly girdled the old Inner Town were removed in 1858-60 and replaced by a magnificent boulevard, the Ringstrasse, two miles long and one hundred fifty feet wide planted with four rows of trees and lined with splendid buildings and monuments in classical renaissance, and Gothic styles. Near the center of Inner City is one of the finest Gothic cathedrals of Europe, St. Stephen. The beautiful spire towers 450 feet in the air. Attractions within are the catacombs, 35 marble altars, and the sarcophagus of Frederick III.

Hofburg castle and the Imperial Palaces of Maria Theresa and Franz

Joseph form a huge complex of buildings of various styles and epochs. The oldest part dates from the thirteenth century. Vienna is richly endowed in museums, picture galleries, and other marks of cultural leadership, stored with masterpieces representing all types, masters and periods. There are also many private exhibitions of note. Much of our time was spent in the Imperial Museums. There is a wealth of fine art. Kunst-historisk museum is one of the most magnificent we have seen, as to art and architecture, paintings, tapestry, and coins. The national coin collection, formerly belonging to the Hapsburgs, is housed here. The curator and distinguished numismatist, Dr. Edward Holzmair, is a kind and amiable gentleman, happy to tell interested visitors about the treasures, showing me the outstanding Austrian collection of coins, an extensive series of Greek and Roman, and a remarkable lot of old dies. The coin exhibit consists of many general arrangements, and "topic collections" such as Religion, Remarkable portraits, art, middle ages, war and sport, Hapsburg family, etc. The ancients are mostly gems in condition. Dr. Holzmair kindly presented me with a catalogue of the collection.

Another day we went sight seeing by bus, dined in a fine mountain restaurant overlooking the city and the Danube river. Of course, we went shopping and in really good shops, for beautiful leather goods, interesting art objects, and lovely luxury gifts, and in a land where coins are cheap. How I would like to return to rummage about the shops again and study in the munz-cabinet more. But time takes us away and we must rise at 5:30 a. m. to catch a train to Salzburg.
